

Glendale Haven CMHC

Accessibility Statement

We aim to make this website accessible and easy to use for people with different abilities and assistive technologies.

Updated September 21, 2026

We use WCAG 2.2 Level AA as a website accessibility target and welcome feedback about barriers.

Website accessibility approach

The site uses semantic page structure, keyboard-accessible navigation, visible focus styles, descriptive link text, labeled form controls, responsive layouts, and reduced-motion support.

The mobile navigation and secure server form remain available without JavaScript.

Testing target

The review process includes automated accessibility checks, keyboard and focus testing, responsive checks from small mobile screens through desktop, and a 200 percent zoom review.

Automated checks do not replace review by people who use assistive technologies.

Requesting help or sharing feedback

If you have difficulty using this website, contact Glendale Haven CMHC at [\(818\) 287-1424](tel:(818)287-1424) or glendalehavencmhc@gmail.com and describe the page or task involved. Do not send confidential medical information by regular email.

For communication support or accessible formats, please contact us. See our Language & Communication Assistance and Nondiscrimination notices for more information.
